

MICRO-INVASIVE TECHNOLOGY INC.

MITI Newsletter, Vol.1, No. 1

March, 2006

This is the first of our quarterly newsletters that will keep you up-to-date on all the exciting things that are happening at MITI. Many things have changed since the last Shareholders Meeting.

MITI's VITI 1410 Digital Imaging System is almost ready for FDA submission. Our Board of Directors has changed along with our Medical Director. We have also made extensive progress in testing "proof of concept" for our innovative endoscopes. We will soon up-date both our brochures and our Website, www.miticorp.com. And we have relocated from 80 Covell Rd. in Pomfret to a new office suite. Our new address is 934 North Main St., Danielson, CT., 06239.

None of these changes would have occurred without your faith in MITI. We want to thank everybody for trust and belief in MITI. John Bala and all the officers know that, without your support, we would not be where we are today!

We are completing the final paperwork for the FDA for our Digital Imaging System, the backbone of our products, and anticipate FDA approval in May. From here, we will follow up shortly with submissions for our light source and unique endoscopes.

Our Board of Directors has undergone major changes. Dan Hanle, Chairman; Ron Franzino, Medical Director; and Eric Knight, Marketing guru and rocket scientist, have moved on to other commitments. Otto Prohaska, CEO, also, has moved on after only a short time with us. Elliott Nadelman, who engineers our software, is now serving

as Acting Chief of Operations. Many thanks for a job well done, Gentlemen!

You will meet the new Board Members, Hugh Tansey, Charles Dettman, and Dr. Steven Schwaitzberg, our new Medical Director, at our up-coming Shareholder's Meeting. The next Newsletter will include short biographies of our new Members.

Our Shareholders Meeting will be held on March 24th, at 6:30 at our new offices in Danielson. We have many exciting things to discuss. This next year is the year where we will begin to have revenue. The show and tell will be exciting. We will also have the latest Business Plan available. We can also e-mail or snail-mail a copy. Send a request to mikebaca@alltel.net.

You will receive an Agenda and proxy documents for the Meeting. Please send in your proxies if you cannot attend. If you have any questions on how to get there, call John Bala at (860) 974 2911, or Mike Baca at 817 881 568. We are especially encouraging out-of-state shareholders to attend. MITI will cover one night's lodging; and one of us will pick you up at either Hartford or Providence. Mike Baca will arrange the details.

We are all working hard to make MITI a tremendous success. See you on March 24th!
